“ When I was in high school in Colorado Springs I was having trouble with ground balls and overall foot work when fielding, Barbara offered to hits balls to me! I thought she was kidding, she took me, and Mitch, Ty and Chris over to a local ball park, she had all the gear. Barbara set me up in the field and starting hitting balls to me, I was in shock, she was hitting rockets at me! Barbara spent a few hours with me, pointing out techniques and drills to help me. I think she knew more about baseball than any of my coaches at school. She was a great woman, friend. I will miss her.
