

Dorothy Joan Green

June 28, 1934 - December 1, 2020

FORT WORTH - Dorothy "Pete" Green left this world to enter a better, eternal world on Tuesday, December 1, 2020.

A private service was held at the home of her oldest son.

Pete was born and raised in New Jersey but didn't stay there long. After marrying Bob Groff, she made a home in the Northeast (Vermont, New York, New Jersey and Connecticut), Midwest (Pennsylvania, Minnesota and Ohio), Florida and finally in Texas. She had two children along the way and a series of different, interesting jobs as a bookkeeper for a diverse set of companies, large and small.

Divorced from Bob she met the love of her life in Florida, Harry Green. They were happily married and traveled the world together until Harry's death in 1996. Their many memories are captured in photo albums meticulously annotated and labeled. After Harry's death Pete invested her time in family, church and a wide circle of friends. She took each of her grandchildren on adventures to Africa, South America, and Central America. She will be remembered for her passion for life and her love of family.

Pete was preceded in death by her parents, sister, and husbands.

Survivors: Two sons, Chris (Michelle) and Jon (Gaye Lynn); stepson, Robert Green (Kathy); grandchildren Ben, Bob (Lauren), Sophie and Mitchell; and her great-grandchildren, Cannon and Beau.

The family will be ever grateful to the staff at The Vantage at Cityview for their care and attention to Pete for the last several years of her life.

Comments

“ My deepest condolences to your family. Pete and I were assigned roommates for the 1953-4 school year at Fairleigh Dickinson College , Rutherford, N.J,. It was the first campus resident dormitory and housed 12 female students. Pete was majoring in Journalism and I was a student nurse. My father was a journalist and Pete and I both treasured our English-related courses. We got along so well together from the start -- she had a great sense of humor and broad interests. Pete frequently went home on weekends to help out with the family equine training business. At college she was an active member of the female fencing program. We both left the dorm at the end of 1954 . Pete returned home to northern New Jersey . I soon moved back to NYC and then on to Arizona. Pete was also moving around the country. We got together in NJ shortly after she was married once and years later she and Harry visited me in Phoenix, Az. It didn't surprise me that when we corresponded with annual Christmas cards, besides filling me in on activities with her sons and grandchildren, Pete was mastering a variety of occupations vastly different from equine training and journalism. I missed her company. We both loved travel and skiing but our schedules prevented a tentative plan to take a cruise together. My best to her family.. I know she'll be missed.

“ We are saddened to learn about the loss of your love one. In times of distress we need comfort that soothes our hearts. May the peace of God guard your hearts.
