

## Helen Christine Baxter

December 17, 1921 - May 19, 2020

Helen Christine Baxter was called home May 19, 2020, surrounded by her loved ones. Helen was born December 17, 1921 during a snowstorm at home in Fort Worth. The Doctor put her to the side and told her mom this one will never make it. Her mother placed her in a shoe box and nurtured her, 98 years later she outlived them all.

She raised three daughters while putting herself through nursing school and working. She succeeded in becoming an LVN Nurse and had a passion for Private Duty Nursing.

Helen was an extraordinarily strong willed, Sassy, Straight talker. She said what was on her mind and did not sugar coat anything. She raised her three girls and grandchildren to be the same. She was the most loyal, loving person and would give you the shirt off her back. She never let anyone go hungry and took in many families to ensure they had the bare necessities. The love she had for her family was strong and her family will always cherish her love, strength and values. It would be an understatement to say that she took a part of us all with her. She was a Christian and her belief in God was unbreakable. We know she is with our Lord and Savior.

She had a love for birds, her favorite being Doves. She also loved to fish and bowling. She helped raise and lived for her grandchildren. She also helped raise several great-grandchildren. They were all her heart and she lived for them.

Helen was preceded in death by her first daughter, Doris M. Law in 1945 at three years old. She was also preceded in death by her mother, father and eight siblings.

She is survived by her three daughters, Judy Thomas of Fort Worth, Kathy Alexander and husband, Ron Alexander of Benbrook and Patricia McDonald and husband, Jimmy McDonald of Crowley.

She is survived by her brother in-law, Raymond Law.

She had eight grandchildren, Ronnie Ray Alexander, Shawna Ramsey, Christy Daae, Billy Alexander, Bobby Alexander, Gregory Icenogle, David Rees and Tammy Dossey- Brock.

She had 16 great-grandchildren and numerous nieces and nephews.

“ I loved going to your house when I was growing up. I envied my cousins because they got to live with you. The stories of your life were mesmerizing and played out like a great paperback novel. I vividly remember asking you to tell me the stories from when you were a nurse. That is where my passion for helping others began. You had more love and caring in your little body than most people will ever know in their entire lifetimes. Although I did not see you as often as I should have the last few years, I thought of you often and know you are the reason I love the nursing profession as much as I do. I love you and will miss you. Can't wait to see you in heaven and eat a big feast of your incredible cooking.

“ My feisty wonderful meme, my heart is so full of love for you. You were our rock, our safe place. Someone we knew, that loved us unconditionally. I have been with you almost everyday of my life. I am so thankful that my kids had you all these years. When they were very young, I was so worried that they would never know you as the meme we had growing up, and how lucky we were to have you as our grandmother. Oh, how I worried for nothing, God had it handled - you were here on this earth for 98 years, 5 months and 2 days, because now at their ages of 29 and 24; they did know how special you were to them and they were to you. I remember how protective of my kids and how nurturing you were to them. I was so honored when you told me that “Shawna , let me tell you something and I want to be clear and that you understand what I am saying. You may have given birth to Buster (Anthony) and Blossom Bell (CJ), but...(and she said this loudly. lol) THEY ARE MINE! You got a

problem with that too bad! I Shook my head and saluted her and said said yes ma'am meme, then I gave her the biggest hug I could for her skinny little self. I will miss sitting with you in the afternoons when you and I would have coffee and you would tell me stories of your life ...my favorite story was when you tried to make an electric washing machine for your mama, I laughed until I cried..and when we would sit and watch Murder She Wrote or telling me what books you wanted to read, I remember all your favorites! You will always be cherished with all my heart, I love you so, so very much! Loved you dearly, Shawna
