“ As hard as she fought through many medical issues, she could not overcome this pandemic. I am heartbroken. My aunt Judy was a generous funny and intelligent woman of many talents. You could always count on her to remember the names of movies or old family or friends usually providing a funny or interesting story to go along with her answer. She never let a pun go by unsaid or share a corny joke. She was a wiz at jeopardy and wheel of fortune and it was an amazing thing to sit with her and Grandma Jennie as they seemed to know all the answers. She never left you without getting a hug and giving you a sweet smile. Recently when we could not be together in person she took to sending me random emoji text messages that always ended with “I love you sweetheart”. I will miss her so much, but am comforted by the knowledge that she knew Jesus was her savior and that one day we will be together again. Until that time I will remember her in the butterflies.

“ I knew Judy when I worked at Hugely's nursing home. I worked in the kitchen and I left to take care of my mom. And recently found her on Facebook and we talked about a lot. Hoping and praying for her. She will be so missed! Love you Judy!
